TUESDAYAFTERNOON CLUB DISCUSSES NEW BUILDING

MEMBERS MEET AT LUNCHEON
AND DECIDE TO SECURE
DEFINITE PROPOSITION

The result of the interesting and spirited discussion in regard to the building of a clubhouse, which followed the luncheon given yesterday by the Tuesday Afternoon club, may be summed up in the motion which was made by Dr. Jessie Russell, seconded by Mrs. E. W. Kinney, and carried, as follows:

"That the board be requested to secure information relative to forming a stock corporation or some other definite proposition and present same to the club for consideration as soon as possible."

A very delicious luncheon was served to about 200 members of the organization by the members of the hospitality committee.

Mrs. L. W. Sinclair, chairman; Mrs. A. D. McCoy, Mrs. R. P. Isitt, Mrs. J. W. Stauffer, Mrs. L. M. Richardson, Mrs. Ray J. Phillips, Mrs. M. P. Harrison, Mrs. Ed M. Lee, Miss Lily Fielding, Mrs. Frank Dow, Mrs. G. H. Rowe, Mrs. John C. Dunn, Mrs. B. D. Balthis, Mrs. P. E. Cory, Mrs. Wallace Tupper and Mrs. W. W. Hamilton.

Mrs. Hutchinson Gives Talk
Mrs. C. E. Hutchinson, president of the organization, opened the discussion by giving a short talk on the growth and development of the Tuesday Afternoon club of Glendale since it was organized in 1902. She said that although at one time the club met in the parlors of an undertaking company, it never at any time was a "dead" organization.

Mrs. Hutchinson first called upon Mrs. A. M. Hunt, treasurer of the organization, for her report. Mrs. Hunt reported that the club has \$2300 in Liberty bonds, \$1500 on deposit in the bank and about \$691.12 in the general fund. Since October 1 the club has cleared the debt on the lots, amounting to \$1,542.72.

Mrs. C. H. Temple, chairman of the ways and means committee, told how this money was all raised. She stated that returns are still coming in from the minstrel show. Mrs. Temple (Continued on Page Six)

High School Alumni Plans For Big Day

A very interesting and "peppy" meeting of the Glendale Union High School Alumni was held last night at the home of Jane Snyder on Arden avenue. The purpose of the meeting was to appoint committees for the big "Alumni Day" to be held at the high school on June 3.

Several of the different classes were represented, as follows: Mr. and Mrs. John Dunn, 1914; Myrtle Pulliam, 1911; Mrs. Sidney Simon, 1916; Ed Seay, 1917; Ernestine Lyon, 1917; Jeanette McClellan, 1917; Jane Snyder, 1918; Ruth Ryan, 1919; Frank Balthis, 1919; and Pearl Pollock, 1920.

The various committees were appointed. Lorraine Mitchell was appointed head of the baby show; Lehman Crandall, baseball; Ray Morrow, the tennis match; Jim Henry Ise, the dance; Jane Snyder, the supper; and Ed Seay, the assembly.

There also will be a big art exhibit at that time, which is in charge of Miss Irene Muller, head of the art department. This exhibit is one of the annual affairs at the high school and is well worth seeing.

This "Alumni Day" is something new at Glendale Union High school, but from the way everyone is turning out and helping, it will be a great success. It is up to every alumnus to get busy and spread the news about this day and have everyone attend.

Dinner Guests At Stockbridge Home

Mr. and Mrs. Burton Sidney Wilson of Los Angeles, brother and sister-in-law of Mrs. Charles A. Stockbridge of 231 North Adams street, were dinner guests at the Stockbridge home on Easter Sunday. The home and table were most suitably decorated with white iris, California poppies, Cherokee roses and ferns, and many-colored Easter eggs. The favors were chocolate Easter eggs set in a cluster of Cherokee roses and ferns.

Mrs. Eliza Monroe Summoned By Death

Mrs. Eliza Monroe passed away yesterday at the home of her daughter, Mrs. Casley, 5120 Hollywood boulevard. The remains will be taken to Seattle, Washington, for interment. L. G. Scovern undertaking company in charge.

Attractive Stickers To Advertise This City And Great C. E. State Convention

Here is a cut of the attractive stickers which will be sent out on all Christian Endeavor mail. These stickers are printed in the Spanish colors, red and green, on yellow paper, and will be scattered over the state, giving Glendale wide publicity. About 25,000 have already been printed. Glendale merchants may be glad to use them on the backs of their envelopes. A thousand posters of similar design, but on cardboard 14 inches by 20 inches, are being placed this week in the churches of the state, where they will attract the eyes of many people who have not hitherto known that Glendale was really on the map. The publicity committee of the C. E. state convention, under J. A. Newton, is busy gaining wide advertising for the convention and Glendale.

HARRY MARPLE WILL DIRECT VISITORS AT CONVENTION

APPOINTED CHAIRMAN TO GIVE
INFORMATION; OTHER HEADS
OF COMMITTEES NAMED

Harry Marple of 2009 East Palmer avenue has been appointed chairman of the committee on information for the State Christian Endeavor convention which will be held in Glendale June 25 to 29.

It was the decision of the convention committee Sunday afternoon that he was the logical man for the place. And it is a big job to direct the 30,000 expected delegates about Glendale. He will have information booths at the Pacific Electric station and in all of the churches where sessions are held.

Incidentally, he will conduct a miniature postoffice and a "lost and found" department. Which means that his committee will have a big job ahead of them.

Mrs. Fannie Marple Retts was appointed chairman of the music and H. W. Yarik has been named head usher.

Expresses His Surprise
At Sunday's meeting the Rev. C. W. Calderwood expressed surprise at the magnitude of the Christian Endeavor organization in California. He has recently come here from Massachusetts, so the state convention undoubtedly will show him the growth of the things in California, comments a member of the publicity committee.

I. V. Valentine, state president of the society, told the committee there were eleven more county conventions to be held prior to June 25 and that at each one elaborate booster campaigns for "Glendale Without Fail" would be carried out.

Paul Brown and Harry Allen, field secretaries, were both present and will carry the Glendale convention call throughout the state. They were favorably impressed with the entertainment plans being made by the local committees.

M. B. Towman Takes Charge Auto Branch

M. B. Towman, formerly in charge of the Imperial county branches of the Automobile Club of Southern California comes here from El Centro to take charge of the Glendale branch. Mr. Towman is an experienced representative of the club and succeeds Stafford Harlow who has been active in making Glendale the center for San Fernando valley club members. Harry G. Bracken remains as assistant at the offices here, Colorado and Brand boulevards.

Elizabeth B. Barrett Is Called By Death

Elizabeth B. Barrett, aged 76, a native of Chicago, passed away Tuesday, March 29, in Glendale. Although she had been a resident of this city for only two months, in this short time she had gained a host of friends for her christian and loving disposition.

Funeral services will be held from the chapel of the Los Angeles crematory Thursday morning at 11 o'clock, the Rev. C. R. Norton officiating. The remains will be shipped to Chicago for interment.

Admitted To Practice In Appellate Court

C. M. Frazier, former attorney-general of Arizona, was admitted yesterday by the appellate court to practice law in all the courts of California. Mr. Frazier has opened his offices in Glendale. He has purchased a home in this city and is taking an active interest in civic affairs.

Bath Drives Canine Away; Dirt Causes Him To Come Back

Bath, bark, gone!
Dirt, bark, back!
This is a tale of dog dubbed "Dodge" that strayed into George E. Clayton's salesrooms last week.

Following the suggestion in The Glendale Evening News Saturday that doggie needed a bath, Charlie Davis and Gordon Clayton proceeded to minister its needs on Sunday morning. They added a few marcel waves to its shaggy coat, too.

All dolled up the dog joined the Easter parade. Given up as lost, it didn't get back until last night.

And, oh, what a sight. It must have come back because it needed another bath.

Future Is Hot One

"Pan" is a pet chick. Not named in honor of the frying "pan," but for Peter Pan. Mrs. O. L. Barnett of 334 West Broadway christened it so the day it recovered from shell shock.

And yesterday while wandering around the yard, it took the count from Old Sol.

"Out" in the heat, it was picked up as dead. Burial arrangements were all prepared by Mrs. Barnett.

And then—"Cheep, cheep." It was alive again.

Seems as though this chicken would rather live to be fried than be fry to die.

Sample This One

Food for the fish? Sure, Hampton Hagood, aged 5, would feed the gold fish that fool around the lily pond in the garden at his parents' home, 215 North Orange street.

So he poured about a gallon of chicken feed—corn and wheat—into the water yesterday afternoon.

Now whether the mash will make 'em drunk or not remains to be seen in about twenty-one days, comments Hampton's father, L. N. Hagood.

Mr. and Mrs. French Purchase Home Here

Mr. and Mrs. Henry French and their eighteen months old baby, until recently of Washington, D. C., have purchased and are now occupying the new bungalow at 315 North Cedar street which was built by Dr. Henry H. Harrower. Mr. French was merely a visitor to this city a month ago, but he was so favorably impressed that he immediately bought a home and went back to Washington for his family. Mr. French was employed in a capital city bank for eleven years, but as yet he has not entered business here.

Robert F. Kolts Is Visitor In Glendale

Robert F. Kolts, former Glendale resident and high school graduate, was in town yesterday visiting old friends. He was one of the high school's best athletes several years ago, and is now engaged in umpiring and refereeing in the Central league, of which the local high school is a member. Robert is attending the College of Osteopathic Physicians and Surgeons of Los Angeles, where he is a sophomore.

J. N. McGillis Goes Upon Federal Jury

J. N. McGillis of 1003 East Lomita avenue, who returned last week from his business in Arizona for the summer season, was summoned yesterday to appear as a jurymen in Federal Judge Trippett's court for a period of ninety days. Mr. McGillis intends to return to his work in Arizona about the first of October.

SPLENDID PROGRAM TO BE PRESENTED BY MUSIC CLUB

PUBLIC INVITED TO ATTEND
FIRST OPEN MEETING AT
HIGH SCHOOL FRIDAY

The Glendale Music club, which was recently organized, will present a splendid program of American music, given by visiting artists, at its first open meeting, which will be Friday night of this week at the high school at 8 o'clock. This is to be done by the club as a means of letting the public, as well as members, enjoy their first program, but in the future the programs will be open to members only.

It is interesting to note that the program is made up of American compositions, and that four of the composers are residents of Los Angeles, being Mr. Cadman, Helen Livingston, Harold Webster and Gertrude Ross.

Gertrude Ross will appear in person. She will be at the piano when her songs are sung by Jessie MacDonald Patterson. Gertrude Ross is known throughout the country as a California composer. Her compositions are constantly on the programs of the greatest artists, many of her songs being sung by Madame Schumann-Heink, Madame Matzenauer, Louise Homer, Clarence Whitehill, Paul Althouse and others. Mrs. Ross has accompanied many great artists in concert, and played for Madame Schumann-Heink at the San Francisco exposition. Besides songs, Gertrude Ross has written a trio for violin, cello and piano; cello solos, piano numbers, choruses and a ballet for orchestra.

No Admission Is Charged

Other interesting numbers being planned for the program are the prize sonata for violin and piano, composed by Harold Webster of Los Angeles, and played by Alexander Saslowski, who is internationally known as a violin virtuoso of first magnitude. He will be assisted by Mertianna Towler of Minneapolis, Minn. There will be no admission charge and seats will be reserved for the club members only. The high school auditorium will no doubt be filled by the music lovers and citizens (Continued on Page 6)

William Balthis Is With Honolulu Bank

Word has been received from William Balthis, son of Mr. and Mrs. F. S. Balthis of 819 North Brand boulevard, to the effect that he has connected himself with one of the largest banks in Honolulu and that at present he has no intention of returning to Glendale. He made the trip to Hawaii last fall intending to make only a short visit, but conditions, climate, etc., were so favorable that he decided to make his home there.

E. E. Van Osdoll At Boyes Springs

E. E. Van Osdoll of 341 West Elk avenue has written to Glendale friends that he is enjoying life at Boyes Springs in the northern part of the state with the Salt Lake Bees, Pacific coast league baseball club, which has spring training quarters there. He is gardening in left field and slamming the old pill hard whenever the opportunity presents itself. He hopes to stay in the coast league in order that he can have an occasional week at home while playing in Los Angeles.

New Postal Record Is Now Established

What is believed to be a new parcel post record has been set by the delivery of a package in Glendale yesterday which was dispatched from Ontario, Calif., about fifty miles from here.

The recipient was Mrs. Mary E. Shropshire, 326 East Colorado boulevard.

"Don't open until Christmas" was the first indication that it had been mailed in the middle of December, mislabeled to St. Louis and "lost" entirely for three months or more.

BREWRIES SEEKING PERMITS

WASHINGTON, March 30.—Three hundred breweries are clamoring for permits to brew "medicinal" beer under the recent ruling of the department of justice. Federal Prohibition Commissioner Kramer said today. "One or two breweries could manufacture enough beer to meet the legitimate medicinal needs of the entire United States," Kramer said.

CITY CHARTER AND WATER BONDS CARRY; CIVIC CENTER AND PARKS GET MAJORITIES, BUT DEFEATED

Local Assessment Plan for Financing of Service
Mains Is Adopted at Informal Balloting

The proposed charter for the government of the city of Glendale was ratified at the special election held yesterday, the vote being 929 to 413.

Voters also passed favorably on the proposed \$100,000 bond issue for the extension of the municipal water system, but every other proposed bond issue lacked the two-thirds vote necessary to adoption.

The civic center and the parks received majority votes, but failed of passage because of the two-thirds vote required. The civic center was voted last November, but the bonds, because of a fault in the proceedings, were not favorably passed upon by experts in New York, hence the proposition was submitted again, only to meet defeat, because, it is declared, people favoring a civic center and parks failed to go to the polls yesterday.

The "straw ballot" taken to determine the financial policy of the water department relative to the cost of service mains showed that the majority favored proposition No. 2, which calls for local assessment. The vote was 603 for the assessment plan and 585 for the bond plan. Proposition No. 2 was favored by the city manager, T. W. Watson.

The total vote cast yesterday was 1476, a very light registration from the public.

The charter does not change the duties of the members of the Board of Education, for the state law governs. But, under the provisions of the charter, another school board election will have to be held, following on the heels of the recent contest.

The charter does not apply to the high school district, however, simply the city board of education. That provision of the charter remains. (Continued on Page Four)

HEARS STRANGE CRIES; MAY BE LOST BALLOONISTS

PENSACOLA, Fla., March 30.—Search for the five aeronauts missing in a naval balloon since March 22 shifted today to the vicinity of Apalachicola, Fla., where a fisherman reported having heard strange cries coming from an impassable swamp. The fisherman declared that the cries sounded like several men shouting to attract attention.

ANACONDA COPPER MINE FACING COMPLETE SHUT DOWN

BUTTE, March 30.—The Anaconda Copper mine, one of the largest producers in the United States, faces a complete shut down by tonight, according to an official statement issued by John D. Ryan, chairman of the board of directors. The shut down, general throughout the district, is expected to affect all mines and smelters in Butte, Anaconda, Great Falls and possibly Helena. Intimation to this effect was given here early today by officials of the Anaconda and other companies.

CONSIDER GENERAL AMNESTY OF POLITICAL PRISONERS

WASHINGTON, March 30.—Attorney General Daugherty is considering making recommendations on the question of a general amnesty for all political prisoners, he said today. If he decides upon such action the case of Eugene V. Debs probably will be included with others and not treated separately as was originally Daugherty's intention. Daugherty said his decision would not be made until he has had time to confer with members of the senate judiciary committee, which is considering a resolution for a general amnesty, and it is possible he may withhold action until congress has registered its opinion on this measure.

DEATH FOR AFFINITY SLAYERS, ADVOCATES REFORMER

CHICAGO, March 30.—Death for affinity slayers instead of a gay career in the spotlight was advocated today by Arthur Burrage Farwell, reformer militant. "Too many women and girls have been murdering the men they have been living with when they make up their minds to get a new meal ticket," said Farwell. "I'm not upholding the men who lead such lives. They are the scum of the earth, but murder is murder and the women who slay them should be punished by death. The time should pass when they show a trim ankle to the jury and smile their way to freedom. Put good women on juries and these giggling murderers will get their dues."

CHARLIE PADDOCK AGAIN SETS NEW WORLD'S RECORD

STANFORD UNIVERSITY, March 30.—Charles Paddock, hailed as the "fastest human being," today had his hands firmly upon the world's record for the 220-yard dash. He followed his record breaking performance of Saturday by running the 220 yesterday in 21 seconds flat, a fifth of a second lower than the present recognized records, and he covered the century in 9 3-5, again equalling the world's record. Paddock was running for the University of Southern California against Stanford. Saturday in the U. S. C.-U. C. meet at Berkeley he made the furlong in 20 4-5, which is now up for sanction as a world's record.

Prof. George Howes Visits Local Friends

Prof. George L. Howes, former
Detroit music instructor and who has
appeared before local audiences sev-
eral times in the past, visited Mrs.
Hattie E. Gaylord of North Cedar
street and other Glendale friends
during the past week. Many of
Glendale's older residents will re-
cognize the name of Prof. Howes as
the producer of several cantatas,
principally "Queen Esther" and
"Joseph," which were staged here a
few years ago. Prof. Howes has per-
manently located in Los Angeles, be-
ing just one more victim of Southern
California's alluring climate. At
present he is engaged in composing
sacred music, which will be placed
on the market in the near future.
Plans are also being made for the
opening of a studio by Prof. Howes
before next year.

Chandler Car Is Sure For Service

"Chandler owners take pleasure in
telling us how their cars stand up
under hard service," said Lanier
Bartlett of Bartlett & French, Chan-
dler and Cleveland dealers of Glen-
dale. "The Chandler 'stands up' be-
cause it is correct in engineering and
sturdy construction. And back of
this car stands one of the stable com-
panies of the automobile industry."
Mr. Bartlett says the Chandler has
always paved the way in price lead-
ership for fine cars and it is con-
spicuously underpriced today. Cars
which were once competitive with
the Chandler are now hundreds of
dollars higher and for smaller cars
giving much less value you are asked
to pay nearly as much.

"The mechanical superiority of the
Chandler Six makes a wide appeal
and this, coupled with its beautiful
and restful body makes the Chan-
dler stand out prominently in front of
all other medium priced cars," Mr.
Bartlett says.

La Canada People Have Direct Route

Forced for nearly five years to
travel by roundabout roads, the peo-
ple of La Canada valley now have a
direct road to Pasadena. The build-
ing of a road between the new Devil's
Gate bridge and the old La Canada
boulevard has been completed, except
for paving, and is thrown open to
travel. It is only a few hundred feet
in length, but is around a formerly
dangerous promontory.

It is stated that travel between
Pasadena and La Canada was first in-
terrupted by destruction of a small
bridge just west of the new Devil's
Gate structure. By the time a con-
crete structure was completed there
the old Devil's Gate bridge was con-
demned and autoists had to make a
several mile detour through Linda
Vista. When the new Devil's Gate
bridge was complete, it was still nec-
essary for travel to go via Flintridge,
because of the lack of the short con-
necting link.

tion commissioner's office has been called

eon at the Masonic Temple was called
off this week when it was agreed that
one noonday luncheon and one even-
ing banquet a month were suffi-
cient. There will be a forum lunch-
eon one week from tomorrow.

In connection with the forum, a
new program committee has been
named to obtain speakers. Five
more residents and firms were elect-
ed to membership. Insurance was
ordered for office furniture. Several
communications were tabled or re-
ferred to committees.

Committees Named
A committee was named to prepare
a prospectus on a Chamber of Com-
merce business block, to be erected
by a building company; and a com-
mittee put at work with a view of
taking the red arrow off of the
"Glendale" electric sign at the cor-
ner of San Fernando and Brand bou-
levards.

The Misses Edith Schuyler and
Elaine Frances planned the luncheon
which was served by classes under
the direction of Miss Ellen Hanson.
It might be observed that the biscuits
disappeared, it would be well that the
young ladies remember the recipe.

Actress Gets Divorce

Mrs. Alice Y. Brooks, an actress
known in motion pictures as Yvonne
Gardelle, obtained a divorce in Los
Angeles today from Roy L. Brooks.
"He posed as a wealthy business
man, but I learned he was a purveyor
of worthless mining and oil stocks,"
she testified. "He cheated at cards
and tried to teach me to cheat."

Nine Men Burned

Nine men from the Arcadia bal-
loon school are in the post hospital
at Ross field today suffering from
serious burns sustained late yester-
day when balloon exploded near Ra-
mona.
Lieutenant George Watts was in
the basket when a steel cable holding
the huge bag snapped close to the
winch. After rising to 4,000 feet,
Watts succeeded in bringing the bal-
loon down to within 1,200 feet of
earth, then leaving it and making a
safe landing in a parachute.

The nine injured were members of
a detachment dispatched to recover
the truant balloon when it came to
earth. As it hit the ground it ex-
ploded, hurling the nine soldiers to
the ground and burning all of them.
Watts landed some distance away
and was not hurt. All of those burn-
ed, including a lieutenant, three ser-
geants and five privates, are expected
to recover.

Riot in L. A. Jail

A dozen deputy sheriffs and police-
men armed with sawed-off shotguns
were on guard in the city jail in Los
Angeles today following a night of
rioting participated in by about 120
prisoners in three of the building's
overcrowded "tanks." The disorders
were in protest against the incarceration
of three fellow prisoners in a
dungeon as punishment for burning
blankets.

Sheriff Traeger was unable to
quiet the tumult. Howling of the
unruly prisoners spoiled the sleep of
residents living within a four-block
radius of the jail. The demonstra-
tion was started by shattering lights
and smashing benches. Russell
Walker, a trusty, was scalded by hot
water thrown upon him by other pri-
soners who suspected him of disloyal-
ty to their cause. Deputy Sheriff
Dewar was slightly hurt when he was
struck from behind by an unidenti-
fied inmate.

The disorders not only failed to
gain the release of the three in the
dungeon, but resulted in Sheriff
Traeger cancelling all privileges
granted to prisoners. He forbade is-
sance of passes and directed no
packages or newspapers be delivered
to the prisoners. The situation had
quieted this morning.

PROBABLY FATALITY INJURED

LOS ANGELES, March 30.—Leon
Royer, 21, was probably fatally in-
jured today when his motorcycle
crashed into an automobile truck
here. He suffered a fracture of the
skull and is not expected to live.

A 69-year-old blind beggar arrest-
ed as a vagrant in New York had a
bank book showing \$4000 on deposit.

WHAT HEALTH OFFICIALS SAY ABOUT
MILK PASTEURIZATION

Dr. Francis E. Fronczak, Health Commissioner, Department of
Health, Buffalo, N. Y.:

"We regard the pasteurization of milk so important to safe-
guard the public health that an ordinance was adopted to make
such a procedure mandatory.

"While certified or guaranteed milk is permitted to be sold
raw, nevertheless, from our experience, we are satisfied that not
even this quality may be considered free, at all times, from dan-
gerous contamination.

"This city, several years ago, experienced several epidemics of
scarlet fever, diphtheria and typhoid fever, traced to raw milk
supplies. Since pasteurization of milk supplies in this city has
been generally practiced, no such outbreaks of disease traceable
to the milk supply have occurred."

We have the report of a dozen other health officials and
doctors' views on the fact that there are only two grades of
standard milk, therefore we recommend

ELECTIONS WILL BE HELD FOR COUNCIL, SCHOOL BOARD

PROVISIONS OF CHARTER ARE
GIVEN IN RELATION TO
SELECTING OFFICERS

(Continued from Page One)
lating to terms of elective officers fol-
lows:
"Elective officers shall hold office
for a period of four years from and
after 8 o'clock p. m. of the third
Monday of April following the day of
election, and until their successors
are elected and qualified; provided,
that the clerk and treasurer elected
and the three members of the coun-
cil and the three members of the
board of education receiving the
highest number of votes for said of-
fices respectively, at the first general
municipal election held under this
charter, shall serve from 8 o'clock
p. m. of July 5th, 1921, until 8
o'clock p. m. of the third Monday of
April, 1925, and until their suc-
cessors are elected and qualified, and
the other two members of the council
and the other two members of the
board of education elected at said
first election shall serve from 8
o'clock p. m. of July 5th, 1921, until
8 o'clock p. m. of the third Monday
of April, 1923, and until their suc-
cessors are elected and qualified; and
provided further, that any person
elected to fill a vacancy shall serve
for the remainder of the unexpired
term. In the election of councilmen
and members of the board of educa-
tion, where full terms and one or
more unexpired terms are to be filled,
no distinction shall be made in nomi-
nating or voting between the full
terms and the unexpired terms, but
the person or persons elected by the
highest number of votes shall be
elected for the full term or terms and
the person or persons receiving the
next highest vote shall be elected for
the unexpired term or terms, as the
case may be."

Totals Are Given
The results on the various propo-
sitions follow:

Shall the proposed charter be
adopted? Yes, 929; no, 413.
Shall the city incur a bonded debt
of \$100,000 for the water depart-
ment? Yes, 1047; no, 355.
Shall the city incur a bonded debt
of \$83,000 for land for a gymnasium?
Yes, 721; no, 669.

Shall the city incur a bonded debt
of \$66,000 for parks? Yes, 722;
no, 651.
Shall the city incur a bonded debt
of \$26,000 for land for municipal
buildings? Yes, 831; no, 513.

"Straw ballot" on the water de-
partment policy: Proposition No. 1,
585; proposition No. 2, 603.
The proposition to issue bonds in
the amount of \$26,000 for the pur-
pose of acquiring land and erecting
buildings to care for municipal ma-
terials almost received the necessary
two-thirds vote. It lacked sixty-five
votes of carrying.

Some Charter Provisions
What does the charter mean?
That is the question heard on ev-
ery hand this morning.
At yesterday's election a freehold-
ers' charter was adopted by the
voters of Glendale.
Briefly, it will result in "home
rule."

The next step in the program for
the charter is to have it passed upon
by the attorney-general of California.
Then it goes to the present session
of the state legislature for ratifica-
tion and is made a law under which
the city of Glendale will conduct its
own business insofar as there is no
conflict with other statutes.
Present ordinances which do not
conflict with provisions of the char-
ter stand unchanged.

To Have Five Councilmen
There still will be five trustees or
councilmen to govern the city, these
to be chosen at a special election to
be held June 28 in conjunction with a
city clerk and city treasurer. The
three trustees receiving the highest
number of votes will serve for three
years. The next two highest will
serve two years. They will take of-
fice July 7. They will be called council-
men.

The city manager form of govern-
ment is retained by the charter. The
only new office created is that of
comptroller. The city marshal be-
comes a chief of police and the city
recorder will be known as police
judge. All of the offices mentioned
are appointive, as well as many
others such as fire chief, building in-
spector, sanitary officer, etc.

When the municipal regime is re-
organized under the charter it will
operate much the same as at present
except that the citizens will have the
power to amend its provisions to suit
their convenience.

ning of another strenuous golf sea-
son at Avalon, Catalina Island. They
have complete charge of the links at
the "enchanted isle" and are expect-
ing to be "swamped" for the next six
or seven months.

**Professor Cookman
Pays His Tribute**
Professor Alfred Cookman of Glen-
dale Union High school, member of
several organizations for the ad-
vancement of science and research,
pays a tribute to the memory of John
Burroughs, America's foremost natu-
ralist.
"In the language of one of Amer-
ica's greatest lovers of nature, a man
who got so close to the heart of na-
ture that he could hear, as no one
else, its unutterable throbbing, its
mighty pulsations of life.
"He was indeed one of nature's
noblemen, whose keen eye observed
and gloried in the charms of varied
pastoral scenes, whose listening ear
heard and delighted in the caroling
of feathered songsters. His ear
caught the music of breezes as they
wandered through the boughs of for-
est trees, and while striking on their
Aeolian harps of russet brown leaves
in the autumn of the year, they mut-
tered to him their last farewell, and
whispered something like 'Eternity.'
"Those who knew him honored and
loved him. His contributions to
science, his literary productions, are
masterpieces of natural beauty and
art. The reader of his works could
hardly resist the impulse to get out
of doors and enjoy the full signifi-
cance of surroundings which had
previously been meaningless. Amer-
ica has lost a most honored man. The
world has lost a great scientist. His
works and memory will ever remain.
The world will always know this
great man.
"John Burroughs, scientist, natu-
ralist, philosopher, lover of hu-
manity—may thy name be held in
everlasting remembrance."

ex-service men of California have

lowing a conference last night of the
sixteen service men of the legislature
it was decided to ask the legislature
and the people for the following laws:
The Arbutle bill creating a re-
volving fund of \$1,000,000 for land
settlement for ex-soldiers.
The Hart home aid bill asking for
\$1,000,000 for loaning to each ex-
service man not more than \$5,000 for
forty years at four per cent, also a
revolving fund.
The Arbutle vocational training
bill, calling for the appropriation of
\$500,000 for training wounded ex-
soldiers.
A \$10,000,000 bond issue to cover
these three appropriations.
The Burns cash bonus bill calling
for \$18,000,000 bond issue.
The legion will support the first
four and will not oppose the Burns
cash bonus bond issue.

WATER BONDS WILL BE USED BEHALF DISTRIBUTION

SUM OF \$100,000 WILL BE
TO IMPROVE SYSTEM; TO
ASSESS FOR LATERALS

As a result of yesterday's election, the \$100,000 water bonds, proposition No. 2, which were voted will be devoted entirely to the laying of distribution mains, while the four-inch laterals provided by the straw ballot will be paid for by direct assessment on the property served thereby, according to City Manager T. W. Watson.

The members of the City Board of Trustees several weeks ago passed a resolution in which they stated they would abide by the decision of the people as to the financial policy of the water department relative to service mains.

As explained in The Glendale Evening News by Consulting Engineer H. B. Lynch, the backbone of the water system is being installed at present and the \$100,000 assures distribution to every section of the city, although the four-inch laterals still remain to be put in by property owners where necessary.

And, as stated, these laterals will be paid for by direct assessment on the property served, as the result of the policy adopted by the people yesterday at the polls, by a vote of 603 to 585.

Dr. Hurt's home is in Texas, although he has just about made up his mind to become one of us. Mrs. Hurt, who was formerly Miss Esther Fox of Eagle Rock, is at present attending medical college in Los Angeles and expects to graduate in June.

Charge Of Burglary Brought Against Two

Facing the charge of burglary in City Recorder F. H. Lowe's court at 2 o'clock this afternoon, Loren Noyes of Glendale and Vidan Miller of Los Angeles were captured by Patrolman Louis B. Nunn of the Glendale Patrol & Fire Dispatch last night as they were leaving the W. L. Truitt premises at 317 West Doran street. It is alleged that they stole a head set from the wireless station there. Patrolman Nunn reported that he saw them climbing over the fence in the alley and waited until they tried to make their getaway when he arrested the two youths.

GALLANTRY

"You seem to have been in a serious accident."

"Yes," said the bandaged person. "I tried to climb a tree in my motor car."

"What did you do that for?"
"Just to oblige a lady who was driving another car. She wanted to use the road."

SEES MONTE CARLO SCENES 'SHOT' BY MOVIE COMPANY

**WILLIAM A. HOWE, MANAGER OF
GLENDALE THEATRE, VISITS
MILLION DOLLAR 'SET'**

Manager William A. Howe, of the Glendale Theatre, accompanied by Mrs. Howe, visited "Monte Carlo" yesterday afternoon.

It is the million dollar set being filmed in Von Stroheim's latest production at Universal City.

As Mr. and Mrs. Howe wandered through the promenade of the famed resort, they were "shot" by the cameramen as part of the patronage at the Casino, theatre and hotel, the facades of which are produced in detail.

The interiors of the hotel lobby and cafe also are completely done, exact replicas of the resort, according to Mr. Howe, who states that this Universal photoplay which has been in the making for nearly a year now probably is the most expensive picture ever filmed.

"Forty-five Minutes from Monte Carlo," he comments, "is Glendale's improvement on George M. Cohan's comedy, 'Forty-five Minutes from Broadway.'"

FARMER IS FORCED IN OIL GAME BY CIRCUMSTANCES

**ROBERT DEWAR TAKES CLAIM
FOR FARM; WELLS BEING
PUT DOWN CLOSE BY**

Some people go into the oil game for speculation.

Others follow it as a trade. Robert Dewar of Peoria, Ariz., who is visiting his parents at 363 Pioneer drive, has been forced into it by circumstances.

He took an agricultural claim on 640 acres of Salt River valley land in Arizona with the idea of farming it.

Now an oil field is being developed close by his place and prospectors have filed on his land for its mineral wealth. With a priority claim, however, he can hold the land if he does certain development work.

It is for this reason that Robert is in Southern California—to get the necessary material and backing for bucking the oil game.

His homestead adjoins those of Carleton and Emerson Padelford and when the boys long for Glendale they are able to visit Glendale, Ariz., a few miles distant. There is a Glendale News there, too.

Ex-French Premier Now In Washington

By RALPH H. TURNER
United Press Staff Correspondent
WASHINGTON, March 30.—Rene Viviani, former French premier, was in Washington today ready to discuss with the American government every conceivable question which may bear upon the relations of the United States and France.

Viviani comes as an envoy extraordinary carrying authority from his government to voice French policy on any issue which may be suggested by President Harding, Secretary Hughes or members of the senate foreign relations committee.

Viviani is ready to tell President Harding how far France is willing to go in "modifying the league." Before coming to Washington, it is learned, Viviani held a long conference in New York with Colonel George Harvey, recently decided upon as ambassador to London and considered one of the bitterest anti-league men connected with the administration.

Although the two leading subjects at hand are the League of Nations and finances, members of the mission made it plain that Viviani is empowered to open the whole question of Franco-American relations from every angle.

"M. Viviani will discuss all questions that may be propounded him," a member of the mission explained. "He will be pleased to speak on whatever may be in the minds of the American statesmen."

Viviani has planned, tentatively, to attend the funeral of Cardinal Gibbons in Baltimore tomorrow. Definite discussion of Franco-American relations, centering around the "modified" league of nations, is expected to begin Thursday when Ambassador Jusserand will entertain Senators Lodge, McCormick, Moses and other members of the foreign relations committee in Viviani's honor.

ONE PARTY MEASURE PASSES ASSEMBLY BY 48 TO 38

**ASSEMBLYMAN J. R. WHITE OF
GLENDALE GAINS VICTORY
IN LEGISLATURE FIGHT**

Disparities received late yesterday afternoon from Sacramento told of the passage in the assembly of a bill by John Robert White of Glendale, Lee of Pomona, and Smith of Santa Barbara, which would amend the direct primary law to bar anyone from running for the nomination for a political office except on the ticket of the party with which he was affiliated, as shown by his registration, at least thirty-five days before the primaries.

The object of the bill was to stop persons who failed to capture the nominations of their own party from then entering the lists with another party, the sponsors said.

Surprise Is Expressed
Much surprise was expressed by members when the bill carried, 48 to 38, with a final count of fifty-one aye and twenty-five no, the change being due to the desire of three members to move reconsideration, which made a change of vote to the winning side essential.

The authors of the bill said, however, that the general surprise was not shared by them, as they knew it all the time, and they exhibited poll sheets made before the vote, showing the result recorded.

Mrs. John Robert White received a telegram from her husband in which he announced the passage of the bill.

White Opens Debate
A feeling of exultation swept over the assembly when the bill was passed, members applauded, cheered, laughed, patted each other on the back and a small ovation was accorded Assemblymen White, Smith and Lee for their sponsorship of the bill.

It is believed that the measure will receive a majority vote in the senate and speculation is keen as to the probable action of the governor when the bill reaches him for his signature.

White opened debate for the bill, flaying those who would trick the people through the hybrid politics permitted under the nonpartisan law. He called upon true Republicans and Democrats alike to stand for the principles of their party and urged that such forms of political acrobatics as Randallism and "Johnsonism" be forever banished from the state.

AMAZING CLIMAX IN THIS PICTURE

MELODRAMATIC PLOT OF DEEP
MYSTERY AND ROMANCE IN
FEATURE AT GLENDALE

"The Devil to Pay," contains one of the most amazing climaxes terminating one of the most unusual melodramatic plots of mystery and romance we have ever seen. Yesterday's audience at the Glendale Theatre sat spellbound during its presentation. It is the feature again today.

Frances Nimmo Greene's novel offers splendid material for a photoplay mystery, and the manner in which it is presented by Robert Brunton under the direction of Ernest C. Warde, enacted by an all-star cast that lives up to its name, makes it one of the outstanding features of the year, and one of the screen's greatest mystery photoplays.

"Rough Riding in Guiana" is the scenic while a Pathe Review and Rolin comedy round out the bill. Madame Clement plays "Dear Old Pal of Nine" on the southland's greatest organ as the feature musical number.

An educational film, showing the construction and operation of the transcontinental telephone line between San Francisco and New York City, will be exhibited at the Glendale tonight, in conjunction with the regular program. The film will have but one showing, at the first show.

People Of Burbank Have Sunrise Service

It is estimated that 500 persons attended the first sunrise service for Easter to be held in the city of Burbank. Rev. L. G. Parker of the Christian church, led the service, which was held around a large cross erected on the hill above Magnolia avenue.

A quartet composed of J. H. Phillips, Dr. P. E. Ziess, W. P. Coffman and Charles Russell, sang two special numbers, and led the congregational singing. The service was in charge of Rev. T. F. Allen, Methodist; Rev. T. E. Stevenson, Presbyterian and Rev. Parker, Christian.

TUESDAYAFTERNOON SPLENDID PROGRAM CLUB DISCUSSES NEW BUILDING TO BE PRESENTED BY MUSIC CLUB

MEMBERS MEET AT LUNCHEON
AND DECIDE TO SECURE
DEFINITE PROPOSITION

(Continued from Page One)
ple said that the returns from the minstrel show to date total \$290.58; proceeds from lunch stand, \$188.25; bazaar, \$1,008.01; sale of automobile, \$746; Kilty concert, \$22; Foley entertainment, \$38.90; sale of papers, \$15; total of \$2,308.74, which has been earned since September 1.
Mrs. Hutchinson then called upon Mrs. Temple, who had been appointed a member of the committee which was to interview architects. Mrs. Temple stated that she had talked to a number of business men and others who know and they seemed to be of the opinion that first-class architects do not submit competitive plans. Mrs. Tower said that she had asked A. G. Lindley, and he stated that architects are willing to submit competitive plans as ever.

Committee Makes Report

Mrs. Hutchinson then called on the committee which had been appointed to investigate the financial phase of the building proposition. This committee consisted of Mrs. H. E. Bartlett, Mrs. Dan Campbell and Mrs. Ramsay.

Mrs. Bartlett and Mrs. Campbell had had a meeting with the bankers of Glendale, who said that a conservative estimate of the value of their three lots at Lexington and Brand boulevard was \$8,000. If the club proposed to build a clubhouse which would cost about \$45,000 and furnishing for same \$5,000 the bankers stated that their banks would loan \$27,000. It would be up to the members to raise \$25,000 in some way.

Some of the members seemed to think that the best way to raise this was by donations and pledges. Others seemed to think that it would be better to sell bonds to raise this additional amount. Another point of argument was as to whether the entire club building should be constructed or just the auditorium.

Most of the members seemed to be in favor of building the clubhouse complete. The question of renting out the auditorium and receiving revenue in this way was brought up by Mrs. Kinney and others.

Definite Program Proposed

Dr. Jessie Russell stated that until the board had some definite program to work on that nothing further toward the building of a clubhouse could be done. She moved that the board be requested to secure information relative to forming a stock corporation or some other definite proposition, and present same to the club for consideration as soon as possible. This motion was seconded by Mrs. Kinney and was passed unanimously.

Mrs. A. A. Barton was of the opinion that provision for the expenditure of a specified sum for the securing of legal advice should be made, but it was announced that an attorney who is the husband of one of the members had offered his services gratis.

Mrs. Hutchinson made an announcement in connection with the district convention at Pomona from April 19 to 21, inclusive. She stated that the Glendale Tuesday Afternoon club had been singled out from all the clubs in the district and a distinct favor conferred upon them. They have been asked to put on a half-hour Shakespearean program the first day of the convention. The state convention will be in the Yosemite valley in May.

Announcement was made by Mrs. R. E. Chase, curator of the drama section, that that section is planning to give an evening of three one-act plays at the Palace Grand theatre in the near future.

States Views Upon Industrial Peace

CHICAGO, March 30.—Industrial peace is dependent upon the continuation of national agreements between railroad corporations and employees, W. J. Lauck, economic expert for the unions, told the United States railroad labor board today.

"Employer and employee is organized into strong national bodies," he declared. "Financing and practically all business relationship is on a national scale. Hence it is of utmost importance for the peaceful and productive development of industry that employer and employee should work out national trade agreements."

Lauck said an investigation of the labor situation of many industries tended to show:

1. Industrial peace is attained by national agreements.
2. Establishment of uniformity in working conditions is socially important.
3. The unions observe their contracts.
4. Trade agreements are not inconsistent with the genuine open shop.
5. Trade agreements humanize the industrial situation.

Lauck presented documentary evidence showing the movement toward national agreements in the railroad and a number of other industries.

PRIMITIVE MAN'S LURES GAIN LOVE

UNUSUAL PROBLEM PRESENTED
IN PARAMOUNT PICTURE
AT PALACE GRAND

Presenting in novel form problems that are understood by every man and woman, "What's Worth While?" a Paramount picture produced by Lois Weber, was shown with great success at the Palace Grand theatre yesterday. All those who saw "What's Worth While?" will find it a delightful. The picture has been admirably produced and the story, that of the love of an aristocratic young woman for a primitive man, offers numerous opportunities for effective characterization. There are many thrilling moments in the scenes that are unfolded and a practically all star cast interprets the various roles. Chief among the players are Claire Windsor and Louise Calhern, their portrayals being exceptionally artistic.

Johnny Hines in "Torchy's Night Hood" made a great hit, while the music was equal to the pictures, "Zampa" being featured by Director Nils Gilliam as the orchestral overture. The same bill is repeated today.

Japanese Foreign Office In Denial

TOKIO, March 29.—The Japanese foreign office and Delegate Sakino, who represented Japan at the Versailles peace conference, today declared that two of the conferences, said in advices here to have been described by Robert Lansing, former American secretary of state, in his book on the peace conference, were never held.

The conferences referred to were said to have been between Lansing and Japanese delegates. The foreign office, it was stated, may issue a formal denial.

Pants Lost, Pants Found; Same Pair?

J. M. Fife of 517 North Jackson street reported to the police this morning that someone took a pair of trousers which he had purchased at Carney's shoe store, 112 East Broadway, last night. He stated he tossed them into his car parked along the curb in front of the store. According to an advertisement in The Glendale Evening News a pair of pants were found in another car. Maybe they belong to Mr. Fife and if he calls at 120 North Brand he can identify them.

J. L. Funk of 531 North Adams street reports that his home was entered last night and painters' tools were taken.

Funeral services will be held from the Bible Institute, Los Angeles, Thursday afternoon at 2:30.

Cambridge Winner Of Rowing Classic

LONDON, March 30.—Cambridge defeated Oxford in their annual rowing classic today.

Oxford won the toss and chose the Surrey side of the course, considered the most advantageous. At the crack of the gun the Cambridge crew took water and jumped out in the lead, setting the pace at a fast stroke for one mile and a half. Oxford spurred with a quickened stroke at that point and took the lead, the Cambridge coxswain apparently content to let Oxford set the pace.

Fireworks Cause Of Eight Deaths

CHICAGO, March 30.—Outlaw fireworks caused the blast that hurled eight persons to death and seriously injured fifty, preliminary investigation showed today.

Blame for the explosion which occurred yesterday in the tenement district of "Little Italy" was placed squarely on the firm of Singer & Shaffer.

William Singer and Nathan Schaffer, the partners, are now being sought by police. They disappeared immediately after the blast.
